2019 LOCAL ELECTION SPECIAL

Building a Strong Future for Luton

Luton: a strong future for everyone

Luton Labour wants the very best for Luton. This means a strong local economy, attracting inwards investment and quality jobs, to ensure that our diverse and ambitious town can thrive.

It will mean that we can transform our town, ensuring all our communities benefit, and that we can care for all our residents and can provide a confident future for our young people. Luton Labour's long-term plan - our 'Luton Investment Framework' - is already making a real difference to our town and we are on target to change lives. We want this success to continue. Last year Luton had the fastest private sector job growth in the country and the

largest increase in real wages. Our young people achieved best Key Stage 2 improvements in the country for Maths in 2017 and we received an Ofsted "Outstanding" rating for our apprenticeship service in 2017.

Luton Labour will tackle poverty and improve health and wellbeing through job creation and improving skills. This will ensure that everyone has an opportunity to gain from the 18,000 jobs being created over the next 20 years.

Only a Labour Council will continue to build a stronger, safer and fairer future for Luton.

LUTON LABOUR WILL:

✓ BUILD A STRONG LOCAL ECONOMY

By growing Luton Airport to provide good jobs and prosperity for our town

✓ INVEST MORE IN OUR YOUNG PEOPLE

By reviewing and improving our Youth Service provision and supporting more apprenticeships

✓ TACKLE ANTI-SOCIAL BEHAVIOUR

By expanding the Neighbourhood Enforcement Team and working closely with the police

✓ REVITALISE OUR TOWN CENTRE

By developing a Town Centre Masterplan and continuing to campaign to rebuild Luton Railway Station

✓ FOCUS ON DECENT HOMES FOR ALL

By delivering 400 social rented homes by 2022 and tackling rogue landlords

Labour will continue to stand up to Tory austerity

Despite crippling cuts to local government finances, Luton Labour continues to put all of our residents at the heart of our decision making and focuses on protecting our most vulnerable people.

The Tories have recklessly savaged local communities through budget cuts. This means fewer police on the beat, fewer teachers in schools and £7bn cuts to social care.

Labour will reverse these Tory cuts with 10,000 more police on the streets, more teachers in our communities and proper and decent investment in elderly care.

Vote Labour 2 May

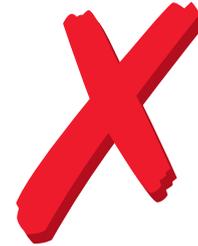

Labour delivering positive change for Luton

- ✓ New stadium at Power Court approved
- ✓ New construction skills hub
- ✓ Neighborhood Enforcement Team set up
- ✓ Two new schools
- ✓ New Stopsley day care centre
- ✓ Free access to museums maintained
- ✓ Joint working with local NHS in place

Labour is fighting hard against Tory cuts to deliver positive change for Luton

FOR THE MANY NOT THE FEW

USE ALL YOUR VOTES

FOR LABOUR

Luton Labour council candidates come from all walks of life and we're proud that we reflect the diverse communities of our town. We place our Labour values at the heart of what we do, striving for a fairer society, and for a country that works for the many not just the privileged few.

Only a Labour Council will continue to build a stronger, safer and fairer future for Luton, and a town of which we can be proud.

Building success for everyone in our town

Luton is a great town in which to live, work and enjoy. Luton Labour is ambitious for our town and we want to build a strong future for all.

We are leading the way on our town's journey to greater prosperity. We want to ensure that everyone, throughout life, can access a good job and have the skills to compete in a global economy. We have already invested in supporting jobs and skills through our 'Passport to Employment', Skills Hub and 16x16 young person's programme.

We also want to continue to ensure that the economic growth is inclusive and benefits everyone in our town. We continue to be a Real Living Wage employer and are committed to working with employers across Luton to follow our example.

Luton Labour has a track record of success and we want to continue on our journey, building a strong future for everyone in Luton.

If you do too, Vote Labour on 2 May.
